IN RE: Carolina Power & Light Company – Street)
Lighting Service – Schedule SLR (Residential)
Subdivision).)

ORDER *✓mr*
GRANTING
WAIVER

This matter comes before the Public Service Commission of South Carolina (the Commission) for consideration of the provision of street lighting service by Carolina Power & Light Company (CP&L) to the Brookgreen subdivision in Florence.

Approved Schedule SLR, which governs the provision of street lighting services to residential subdivisions, states that street lighting service under this Schedule will be available in existing residential subdivisions provided the Company receives a petition requesting this service signed by all the owners of residential lots within the subdivision. Unfortunately, the Petition coming from the Brookgreen subdivision in Florence was missing the signature of one of the residents. We hereby waive the requirement for the missing signature, and rule that CP&L can provide Street Lighting Service under Schedule SLR to the Brookgreen subdivision in Florence, despite the missing person's signature.

CP&L shall install the indicated street lighting with no charge to the one individual who is not participating.
